CLINICAL FRAMEWORK

As a healthcare professional, WorkCover encourages you to adopt the nationally recognised [clinical framework](#) in the treatment of an injury. This framework is based on the following principles and is intended to support you in delivering the right treatment through:

1. Measurement and demonstration of the effectiveness of treatment
2. Adoption of a biopsychosocial approach
3. Empowering the injured worker to manage the injury
4. Implementing goals focused on optimising function, participation and return to work; and
5. Basing treatment on the best available research evidence.

THE HEALTH BENEFITS OF GOOD WORK

The longer someone remains off work, the less likely they will ever return.
